TAKEAWAY™
ENVIRONMENTAL RETURN SYSTEM
Unused Patient Medication Disposal Program

An estimated 250 million pounds of unused medications are improperly disposed of each year.¹

Now, you can make a difference by participating in the **NCPA TakeAway™ Program** – the safe, easy method to dispose of unused patient medications.

The **NCPA TakeAway™ Program** offers the TakeAway™ envelope – a convenient method for disposal of unused patient medications from the home environment.

Simply, follow the instructions for use – *fill it, seal it, and return it for destruction* via your U.S.P.S. mail carrier, or nearby Post Office.
