**\*\*\*\*Total Savings The PBM Middleman  
Did Not Share With Patient = \$30 !!!\*\*\*\***

# Why Aren't the White House and Congress Stopping PBM Middlemen from Scooping Up the Savings Meant to Lower Your Cost at the Pharmacy Counter?

PBMs shake down community pharmacies for billions of dollars every year in back-door fees. They steer patients away from local pharmacies to their own mail-order pharmacies, limiting access and driving up patient costs at the pharmacy counter.
