# Continuing Education & Non-CE Support Opportunities

## CONTINUING EDUCATION WORKSHOPS

The number one reason NCPA convention attendees return to the event every year is because of the depth and focus of continuing education (CE) offered at the convention. This year's business education helps pharmacy owners, staff pharmacists and other members of the team expand their services in all aspects of business: tracking care over time, implementing services with an immediate return on investment, and improving efficiencies. NCPA welcomes support from like-minded organizations for business education through an unrestricted educational grant. However, ACPE standards mandate that CE supporters are not involved in the planning process for CE; therefore, there are not speaking or promotional opportunities available during any CE session. If you are interested in supporting continuing business education opportunities at the Convention with an education grant, please contact [stacey.loflin@ncpa.org](mailto:stacey.loflin@ncpa.org).

### Benefits
