FREE Pharmacy Risk Management Presentation

Great for Pharmacy Law or Pharmacy Practice Classes

LEARNING OBJECTIVES:

Real-life claims against pharmacists

Common medications involved in claims

Risk management techniques to minimize exposures

Professional liability insurance significance

Pharmacists Mutual offers on-campus presentations at *no cost* to your school.

"The students read about professional liability in the textbook, and we discuss actions that can mitigate or expose pharmacists to greater liability. By walking through actual claims, Dr. Jones creates scenarios so students can place themselves in a busy pharmacy and feel the weight of the pharmacists' decisions."

Kem P. Krueger, PharmD, PhD, Dean, University of Wyoming School of Pharmacy
