New Tricare Pharmacy Network Restrictions Eliminate Patient Choice

You may have received a letter from Express Scripts, the pharmacy benefit manager that administers the TRICARE benefit, that our pharmacy may soon no longer be in the network. We are extremely saddened by these developments, and we have enjoyed the privilege of serving your health care needs.

Why Did TRICARE Make These Changes?

Recently, the Department of Defense awarded a $4 billion contract to Express Scripts and at the same time reduced the size of the retail pharmacy network. Express Scripts, which owns its own mail-order and specialty pharmacy and is a direct competitor to independent pharmacies, has slashed payments to community pharmacies thus making it nearly impossible for a pharmacy to be able to participate and serve our military and their families.

This action will take pharmacy choice away from you, and from millions of other active and retired military and their families.

What Can You Do?

- Submit a complaint about your pharmacy of choice being excluded from the TRICARE network by calling 1-877-363-1303 or sending an email to DOD.customer.relations@express-scripts.com. Also mail a hardcopy of your complaint directly to:
