

## We are pharmacy owners

*CPESN® USA - A clinically integrated network of pharmacy providers*

CPESN USA is led by pharmacists and pharmacy owners from across the country. We are not a vendor or a third party. We are pharmacy providers. We'd like to recognize these CPESN USA luminaries for lighting the path forward and leading the way.

CPESN USA engages plan sponsors to contract for pharmacy services. These collaborative relationships provide revenue opportunities for pharmacies. We couldn't do it without our U.S.A. luminaries and hundreds of local luminaries and facilitators – a true pharmacy-led organization. ■

**CPESN USA is a clinically integrated nationwide organization of pharmacy networks developed to advance community-based pharmacy practice in America. Through clinical integration, pharmacies in CPESN networks can engage with each other to improve the quality of care provided to patients and the value offered to medical-side payers (bypassing PBMs) through enhanced services and lower costs.
