

## CPESN USA state of the union address

CPESN® USA pharmacists and pharmacy owners recently shared their annual address on the progress of the country's only clinically integrated network of pharmacies. Here are some of the numbers provided:

- There have been **220 total payer programs** in CPESN USA's brief history.
- There are **126 of those that are active** at the start of 2023.
- This represents an **opportunity of \$17.9 million**, or \$196,327 per program.
- This demonstrates a **4.52 to 1 return on investment**.

"What a wonderful year we had, and what a great time it is to be part of CPESN USA and what a great organization it is," said Duane Jones of the 2022 state of the union. "We joined together to provide integrated and coordinated care for our patients and our communities, and they are benefiting as a result of it." Jones is a pharmacist, CPESN USA board member, lead luminary for CPESN Arkansas, and pharmacy district manager for Harp's Food Stores. He was also the recipient of the 2022 CPESN Luminary of the Year award.

To listen to the entire address from the 2022 state of the union (just 36 minutes), click [vimeo.com/781174103](https://vimeo.com/781174103) or scan the QR code below.

CPESN® USA is led by pharmacists and pharmacy owners from across the country. We are not a vendor or a third party. We are pharmacy providers. CPESN USA engages plan sponsors to contract for pharmacy services. These collaborative relationships

provide revenue opportunities for pharmacies. For more information, visit [bit.ly/cpesnps](https://bit.ly/cpesnps). ■

CPESN USA is a clinically integrated nationwide organization of pharmacy networks developed to advance community-based pharmacy practice in America. Through clinical integration, pharmacies in CPESN networks can engage with each other to improve the quality of care provided to patients and the value offered to medical-side payers (bypassing PBMs) through enhanced services and lower costs.
