Get ready...

The Drug Supply Chain Security Act (DSCSA) is quickly approaching.

You may think you have until next November to get ready, but the truth is that **you need to start preparing now**.

Luckily, there is an easy way to **keep your pharmacy compliant**!

---

**DSCSA 360**

**Advasur** has been at the forefront of Track & Trace requirements and have created a complete solution.

**PRS** and **Advasur** have partnered to provide **DSCSA 360**, the most comprehensive and convenient DSCSA compliance program for your pharmacy.

---

**Your wholesaler can't do everything below...**

**PRS and Advasur can**!

- Provide the Transaction Information (TI) and Transaction Statement (TS) in an electronic and interoperable format.
- Provide you with alerts when your received TI contains missing information and discrepancies.
- Conduct and document Product Verification.
- Assist you with audits from the FDA, State, and other entities.
- Quarantine and investigate suspect products.
- Conduct and document the Investigation of Suspect Products.
- Report Illegitimate products to the FDA.
- Create SOPs and train employees.
- Maintain copies of and track the expiration dates of all your wholesaler's licenses and permits.
- Provide a one-stop solution for all of your wholesalers and manufacturers.

---

**Sign-up** by 4/30/2023 and **YOU WILL NOT BE CHARGED** until November 2023!
