CA SB 966 High Priority 👍 Support

Title: Pharmacy benefits.

Current Status: In Assembly

Introduction Date: 2024-01-24

Last Action Date: Read second time. Ordered to third reading.. 2024-08-20

Description: SB 966, as amended, Wiener. Pharmacy benefits. Existing law, the Knox-Keene Health Care Service Plan Act of 1975 (the Knox-Keene Act), a violation of which is a crime, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care. The Knox-Keene Act requires a pharmacy benefit manager under

contract with a health care service plan to, among other things, register with the Department of Managed Health Care. Existing law provides for the regulation of health insurers by the Department of Insurance. This bill would additionally require a pharmacy benefit manager, as defined, to apply for and obtain a license from the Department of Insurance to operate as a pharmacy benefit manager no later than January 1, 2027. The bill would establish application qualifications and requirements, and would require initial license and renewal fees to be collected into the newly created Pharmacy Benefit Manager Account in the Insurance Fund, to be available to the department for use, upon appropriation by the Legislature, as specified, for costs related to licensing and regulating pharmacy benefit managers. This bill would require a pharmacy benefit manager to file with the department at specified annual intervals 2 reports, one of which discloses product benefits specific to the purchaser, and the other of which includes information about categories of drugs and the pharmacy benefit manager's contracts and revenues. The bill would specify that the contents of the reports are not to be disclosed to the public. The bill would require the department, at specified annual intervals, to submit 2 reports to the Legislature based on the reports submitted by pharmacy benefit managers, and would require the department to post the reports on the department's internet website. This bill would impose specified duties on pharmacy benefit managers and requirements for pharmacy benefit manager services and pharmacy benefit manager contracts, including requiring the pharmacy benefit manager to use a passthrough pricing model, in which the payment made by the health care service plan or health insurer client to the pharmacy benefit manager for a covered outpatient drug is equivalent to the payment the pharmacy benefit manager makes to the pharmacy or provider for the drug, and is passed through in its entirety by the health care service plan or health insurer client or the pharmacy benefit manager to the pharmacy or provider, as specified. Commencing January 1, 2026, the bill would require a pharmacy benefit manager to offer a health care service plan or health insurer the option of a non-spread pricing contract. The bill would require a pharmacy benefit manager to disclose to the Department of Insurance all types of pharmacy benefit management fees that it receives, and would require the department to keep that information confidential. The bill would make a violation of the above-specified provisions subject to specified civil penalties. The bill would establish various filing and service requirements when a proceeding is brought for a violation of specified requirements by a pharmacy benefit manager. The bill would create the Pharmacy Benefit Manager Fines and Penalties Account in the General Fund, into which fines and administrative penalties would be deposited. Existing law requires a health care service plan contract or health insurance policy that provides coverage for outpatient prescription drugs to cover medically necessary prescription drugs and subjects those policies to certain limitations on cost sharing and the placement of drugs on formularies. Existing law limits the maximum amount an enrollee or insured may be required to pay at the point of sale for a covered prescription drug to the lesser of the applicable cost-sharing amount or the retail price, and requires that payment apply to the applicable deductible. Existing law requires a plan or insurer that reports rate information to report specified prescription drug information to the relevant department no later than October 1 of each year. This bill would prohibit a health care service plan contract or health insurance policy issued, amended, or renewed on or after January 1, 2025, that

provides prescription drug coverage from calculating an enrollee or insured's cost sharing at an amount that exceeds the actual rate paid for the prescription drug, and would require a health care service plan contract to include specified cost-sharing provisions. The bill would require a plan or insurer to include additional information in its annual prescription drug data reporting, including the aggregate amount of rebates received by the pharmacy benefit manager for each drug. By expanding the scope of a crime under the Knox-Keene Act, the bill would impose a state-mandated local program. This bill would declare that it shall not narrow, abrogate, or otherwise alter the authority of the Attorney General to maintain or restore competitive, fair, and honest markets and prosecute state and federal antitrust and unfair competition violations, among other violations, and would declare that the provisions of this bill are severable. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason. Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest. This bill would make legislative findings to that effect.

Title: Ins-Regulatory Exam/Compliance

Current Status: Enacted

Introduction Date: 2023-02-07

Last Action Date: Public Act 103-0897. 2024-08-09

Description: Amends the Illinois Insurance Code. Sets forth provisions concerning market conduct and nonfinancial examinations; market analysis and market conduct actions; access to books and records; examination reports; hearings; disclosures; confidentiality; corrective actions; and immunity to liability of market conduct surveillance personnel. Provides that the Director of Insurance shall collect and report market data to the National Association of Insurance Commissioner's market information systems. Provides that if the Director or an examiner finds that an administrator or pharmacy benefit manager has violated insurance-related laws or regulations under specified circumstances, then, unless the health care payer, health insurer, or plan sponsor is included in the examination and has been afforded the same opportunity to request or participate in a hearing on the examination report, the examination report shall not allege a violation by the health care payer, health insurer, or plan sponsor and the Director's order based on the report shall not impose any requirements, prohibitions, or penalties on the health care payer, health insurer, or plan sponsor. Removes various provisions concerning market conduct and nonfinancial examinations. Defines terms. Makes other changes. Effective immediately. Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Further amends the Illinois Insurance Code. Provides that at a pre-examination conference, the Director of Insurance or authorized market conduct surveillance personnel shall disclose the basis of the examination. Provides that the Director may give a company or person an opportunity to resolve matters that are identified as a result of a market analysis to the Director's satisfaction before undertaking a market conduct action against the company or person. Provides that a failure to produce requested books, records, or documents by a deadline shall not be a violation until the later of specified deadlines. Provides that whenever the Department of Insurance has made substantive changes to a previously shared draft report, unless those changes remove part or all of an alleged violation or were proposed by the

examinee, the Department shall deliver the revised version to the examinee as a new draft and shall allow the examinee 30 days to respond before the Department issues a final report. Provides that no corrective action shall be ordered with respect to violations in transactions with consumers or other entities that are isolated occurrences or that occur with such low frequency as to fall below a reasonable margin of error. Provides that the Director may make the results of a data call available for public inspection under certain circumstances. Provides that any failure to respond to an information request in a market conduct action or violation of specified provisions may carry a fine of up to \$1,000 per day up to a maximum of \$50,000. Authorizes the Director to order a penalty of up to \$2,000 (rather than \$3,000) for each violation of any law, rule, or prior lawful order of the Director. Removes language providing that if an examination report finds a violation by the examinee that the report is unable to quantify such as an operational policy or procedure that conflicts with applicable law, then the Director may order a penalty of up to \$10,000 for that violation. Provides that fines and penalties shall be consistent, reasonable, and justifiable, and the Director may consider reasonable criteria including, but not limited to, the examinee's size, consumer harm, the intentionality of any violations, or remedial actions already undertaken by the examinee. Provides that the Director shall communicate to the examinee the basis for any assessed fine or penalty. In a provision requiring examinees to pay for the expenses of a market conduct examination, provides that the costs and fees incurred in a market conduct examination shall be itemized and bills shall be provided to the examinee on a monthly basis for review prior to submission for payment. Makes other changes. Effective January 1, 2025 (rather than effective immediately). Removes the examinee's size from the criteria for ordering certain fines and penalties.

DE HB 383-1

Title: Substitute 1: AN ACT TO AMEND TITLES 18 AND 24 OF THE DELAWARE CODE RELATING TO PROHIBITING DISCRIMINATION AGAINST 340B DRUGS AND COVERED ENTITIES BY MANUFACTURERS AND PHARMACY BENEFITS MANAGERS.

Current Status: Passed Senate

Introduction Date: 2024-06-06

Last Action Date: Passed By House. Votes: 40 YES 1 ABSENT. 2024-06-30

Description: This substitute for House Bill 383 does the following: Like House Bill 383, Section 1 of this Act prohibits discrimination against 340B drug distribution by manufacturers,

third-party logistics providers, and wholesale distributors. Violations are deemed an unlawful practice enforceable by the Consumer Protection Unit of the Department of Justice. The Department of Justice has authority to promulgate regulations to implement the provisions of this Act. This Section differs from House Bill 383 by removing repackagers from the list of entities prohibited from engaging in 340B drug discrimination, authorizing the Board of Pharmacy to promulgate regulations and take disciplinary action against both licensees and holders of permits issued by the Board, and requiring covered entities, manufacturers, third-party-logistics providers, and wholesale distributors to publish annual reports on their websites and provide copies of the reports to the Board of Pharmacy, Speaker of the House, Senate President Pro Tempore, Office of the Governor, and members of the House and Senate Health Committees and Joint Finance Committee. Section 2 of this Act prohibits discrimination by pharmacy benefits managers against 340B covered entities. Violations are deemed unfair practices in the insurance business. Contracts purporting to include provisions in violation of this Act are deemed void and unenforceable. This Section differs from House Bill 383 by making technical changes to correct internal references and changing references to "health carriers" to reference "purchasers" instead. Section 3 of this Act contains severability language in the event that any provision or the application of the Act to a person or circumstance is deemed to be invalid. Section 4 of this Act contains non-preemption language to ensure that the Act can be read and interpreted to not conflict with other State or federal law.

Title: AN ACT TO AMEND TITLES 18 AND 24 OF THE DELAWARE CODE RELATING TO PROHIBITING DISCRIMINATION AGAINST 340B DRUGS AND COVERED ENTITIES BY MANUFACTURERS AND PHARMACY BENEFITS MANAGERS.

Current Status: Passed Senate

Introduction Date: 2024-05-02

Last Action Date: HS 1 for HB 383 - Passed By House. Votes: 40 YES 1 ABSENT. 2024-06-30

Description: Section 1 of this Act prohibits discrimination against 340B drug distribution by manufacturers, repackagers, third-party logistics providers, and wholesalers. Violations are deemed an unlawful practice enforceable by the Consumer Protection Unit of the Department of Justice. The Department of Justice has authority to promulgate regulations under this section. The Board of Pharmacy may take disciplinary action against licensees based on the outcome of investigations or proceedings brought by the Department of Justice. Section 2 of this Act prohibits discrimination by pharmacy benefits managers against 340B covered entities. Violations are deemed unfair practices in the insurance business. Contracts purporting to include provisions in violation of this Act are deemed void and unenforceable. Section 3 of this Act contains severability language in the event that any provision or the

application of the Act to a person or circumstance is deemed to be invalid. Section 4 of this Act contains non-preemption language to ensure that the Act can be read and interpreted to not conflict with other State or federal law.

Title: Insurance Coverage for Provider-Administered Drugs

Current Status: Vetoed

Introduction Date: 2024-01-10

Last Action Date: Governor Vetoed. 2024-05-17

Description: For the treatment of cancer or a life-threatening disease or for the treatment of a symptom, complication, or consequence of cancer or a life-threatening disease, the act prohibits a carrier, with respect to a health benefit plan issued on or after January 1, 2025, from: Requiring a provider-administered drug to be dispensed only by specific network pharmacies; If a provider-administered drug is otherwise covered by the carrier for the covered person, limiting or excluding coverage for the drug based on the covered person's choice of participating provider; Requiring a participating provider to bill for or be reimbursed for the delivery and administration of a provider-administered drug under the pharmacy benefit instead of the medical benefit without informed, written consent of the covered person and written attestation by the covered person's participating provider that a delay in the drug's administration will not place the covered person at an increased health risk; or Requiring a covered person to pay additional fees, copayments, or coinsurance based on the covered person's choice of pharmacy. The act also requires the reimbursement rate for covered provider-administered drugs to be at the carrier's in-network negotiated rate for participating providers. The act appropriates \$7,333 to the department of regulatory agencies for use by the division of insurance from the division of insurance cash fund to implement the act. Title: Ins-Pharmacy Benefit Managers

Current Status: In House

Introduction Date: 2024-01-22

Last Action Date: Added Co-Sponsor Rep. Adam M. Niemerg. 2024-05-02

Description: Amends the Illinois Insurance Code. Defines "health benefit plan" and other terms. Provides that a pharmacy benefit manager or an affiliate acting on the pharmacy benefit manager's behalf is prohibited from conducting spread pricing, from steering a covered individual, and from limiting a covered individual's access to prescription drugs from a pharmacy or pharmacist enrolled with the health benefit plan under the terms offered to all pharmacies in the plan coverage area by unreasonably designating the covered prescription drugs as a specialty drug. Provides that a pharmacy benefit manager or an affiliate acting on the pharmacy benefit manager's behalf must remit 100% of rebates and fees to the health benefit plan sponsor, consumer, or employer. Provides that a pharmacy benefit manager may not reimburse a pharmacy or pharmacist for a prescription drug or pharmacy service in an amount less than the national average drug acquisition cost for the prescription drug or pharmacy service at the time the drug is administered or dispensed, plus a professional dispensing fee. Provides that a contract between a pharmacy benefit manager and an insurer or health benefit plan sponsor must allow and provide for the pharmacy benefit manager's compliance with an audit at least once per calendar year of the rebate and fee records remitted from a pharmacy benefit manager or its contracted party to a health benefit plan. Provides that provisions concerning pharmacy benefit manager contracts apply to any health benefit plan (instead of any group or individual policy of accident and health insurance or managed care plan) that provides coverage for prescription drugs and that is amended, delivered, issued, or renewed on or after July 1, 2020. Requires a pharmacy benefit manager to submit an annual report that includes specified information concerning prescription drugs. Makes other changes. Amends the Freedom of Information Act to make a conforming change. Effective July 1, 2024. Replaces everything after the enacting clause. Reinserts the provisions of the introduced bill with the following changes. Provides that "rebate aggregator" means a person or entity that negotiates rebates, discounts, or other fees attributable to usage by covered individuals (instead of negotiates rebates) with drug manufacturers on behalf of pharmacy benefit managers or their clients and may also be involved in contracts that entitle the rebate aggregator or its client to receive rebates, discounts, or other fees attributable to usage (instead of receive rebates) by covered individuals from drug manufacturers based on drug utilization or administration. Provides that the annual report by a pharmacy benefit manager that provides services for a health benefit plan must include the net cost of the drugs covered by the health benefit plan. Excludes Medicaid managed care organizations and employee welfare benefit plans subject to the federal Employee Retirement Income Security Act of 1974 from the definitions of "health benefit plan", "pharmacy benefit manager", and "third-party payer". Effective July 1, 2024.

Current Status: Enacted

Introduction Date: 2024-02-05

Last Action Date: Chapter 87, (2024 Laws): Effective date April 4, 2024.. 2024-04-10

Description: Digest: The Act requires PBMs to be licensed and changes the definition of a PBM. The Act changes the way PBMs can audit drug stores. The Act requires PBMs to report certain information each year to DCBS. The Act makes changes to the way 340B drugs are covered by insurance. The Act protects certain information that is provided to or developed by the OPDP from being released to the public. (Flesch Readability Score: 65.3). Requires pharmacy benefit managers to be licensed by the Department of Consumer and Business Services beginning January 1, 2025. Modifies the definition of "pharmacy benefit manager" and imposes new requirements on pharmacy benefit managers. Restricts audits of pharmacy claims for reimbursement. Requires pharmacy benefit managers to report specified information to the department on an annual basis. Imposes new requirements with respect to the insurance coverage of 340B drugs. Protects from public disclosure certain information provided to or developed by the Oregon Prescription Drug Program. Declares an emergency, effective on passage.

 White bagging

TN HB 2170

Title: Insurance, Health, Accident - As introduced, prohibits an insurer, pharmacy benefits manager, or third-party administrator from changing or conditioning the terms of health plan coverage based on availability of financial or other product assistance for a prescription drug; establishes certain procedures for calculating an enrollee's contribution to an applicable cost sharing requirement. - Amends TCA Title 4; Title 8; Title 10; Title 53; Title 56; Title 63; Title 68 and Title 71.

Current Status: Sine Die - Failed

Introduction Date: 2024-01-25

Last Action Date: Taken off notice for cal. in Calendar & Rules Committee. 2024-03-28

Description: CONTRIBUTION CALCULATION Under present law, when calculating an enrollee's contribution to an applicable cost sharing requirement, an insurer must include cost sharing amounts paid by the enrollee or on behalf of the enrollee by another person. This bill deletes this provision. Present law clarifies that the above requirement does not

apply to a prescription drug for which there is a generic alternative, unless the enrollee has obtained access to the brand name prescription drug through prior authorization, a step therapy protocol, or the insurer's exceptions and appeals process. This bill deletes this provision. When calculating an enrollee's contribution to an applicable cost sharing requirement, this bill requires an insurer to include cost sharing amounts paid by the enrollee or on behalf of the enrollee by another person. If, under federal law, cost sharing amounts paid by the enrollee or on behalf of the enrollee by another person would result in health savings account ineligibility, then the cost sharing amounts must instead be applied to a health savings account-qualified high deductible health plan, once the enrollee has satisfied the minimum deductible for the high deductible plan. A plan will not fail to be treated as a high deductible health plan for failing to meet the deductible for items or services that are preventative care. Therefore, for items that are preventative care, when calculating an enrollee's contribution to an applicable cost sharing requirement for a health savings account-qualified high deductible health plan, an insurer must include cost sharing amounts paid by the enrollee or on behalf of the enrollee by another person and this requirement will apply regardless of whether the minimum deductible has been met. This bill also requires the annual limitation on cost sharing to apply to all healthcare services covered under a health plan offered or issued by an insurer in this state. HEALTH PLAN COVERAGE TERMS This bill prohibits an insurer, pharmacy benefits manager, or third-party administrator from changing or conditioning the terms of health plan coverage based on availability of financial or other product assistance for a prescription drug. In implementing the requirements of this bill, this state must only regulate an insurer, pharmacy benefits manager, or third-party administrator to the extent permissible under applicable law.

Introduction Date: 2024-02-05

Last Action Date: Chapter 35, (2024 Laws): Effective date January 1, 2025.. 2024-03-28

Description: Digest: The Act applies to insurers and other entities that pay for drugs for people who have insurance. The Act requires insurers and others to count toward any costs that an insured person must pay for their drugs, the amounts paid from coupons or by other third parties. (Flesch Readability Score: 60.5). Requires an insurer, a pharmacy benefit manager[, the Public Employees' Benefit Board, the Oregon Educators Benefit Board] and a health care service contractor to count payments made by or on behalf of an enrollee for the costs of certain prescription drugs when calculating the enrollee's contribution to an out-of-

pocket maximum, deductible, copayment, coinsurance or other required cost-sharing for the drugs.

Location: US-OR

 Co-pay accumulator

TN SB 2008

Title: Insurance, Health, Accident - As introduced, prohibits an insurer, pharmacy benefits manager, or third-party administrator from changing or conditioning the terms of health plan coverage based on availability of financial or other product assistance for a prescription drug; establishes certain procedures for calculating an enrollee's contribution to an applicable cost sharing requirement. - Amends TCA Title 4; Title 8; Title 10; Title 53; Title 56; Title 63; Title 68 and Title 71.

Current Status: Sine Die - Failed

Introduction Date: 2024-01-25

Last Action Date: Assigned to General Subcommittee of Senate Commerce and Labor Committee. 2024-03-27

Description: CONTRIBUTION CALCULATION Under present law, when calculating an enrollee's contribution to an applicable cost sharing requirement, an insurer must include cost sharing amounts paid by the enrollee or on behalf of the enrollee by another person. This bill deletes this provision. Present law clarifies that the above requirement does not apply to a prescription drug for which there is a generic alternative, unless the enrollee has obtained access to the brand name prescription drug through prior authorization, a step therapy protocol, or the insurer's exceptions and appeals process. This bill deletes this provision. When calculating an enrollee's contribution to an applicable cost sharing requirement, this bill requires an insurer to include cost sharing amounts paid by the enrollee or on behalf of the enrollee by another person. If, under federal law, cost sharing amounts paid by the enrollee or on behalf of the enrollee by another person would result in health savings account ineligibility, then the cost sharing amounts must instead be applied to a health savings account-qualified high deductible health plan, once the enrollee has satisfied the minimum deductible for the high deductible plan. A plan will not fail to be treated as a high deductible health plan for failing to meet the deductible for items or services that are preventative care. Therefore, for items that are preventative care, when calculating an enrollee's contribution to an applicable cost sharing requirement for a health savings account-qualified high deductible health plan, an insurer must include cost sharing amounts paid by the enrollee or on behalf of the enrollee by another person and this requirement will apply regardless of whether the minimum deductible has been met. This bill also requires the annual limitation on cost sharing to apply to all healthcare services covered under a health plan offered or issued by an insurer in this state. HEALTH PLAN COVERAGE TERMS This bill prohibits an insurer, pharmacy benefits manager, or third-party administrator from changing or conditioning the terms of health plan coverage based on availability of financial or other

product assistance for a prescription drug. In implementing the requirements of this bill, this state must only regulate an insurer, pharmacy benefits manager, or third-party administrator to the extent permissible under applicable law.

Description: Requires reporting of certain ownership information by: (1) a hospital to the Indiana department of health (state department); (2) a physician group practice to the professional licensing agency; and (3) an insurer, a third party administrator, and a pharmacy benefit manager to the department of insurance. Requires the professional licensing agency and the department of insurance to provide the ownership information to the state department. Requires the state department to post the ownership information on the state department's website. Sets forth penalties for a violation of the ownership reporting requirements. Allows a contract holder to request an audit of a pharmacy benefit manager at

least two times in a calendar year. Requires a contract with a third party administrator, pharmacy benefit manager, or prepaid health care delivery plan to provide that the plan sponsor has ownership of the claims data. Allows a plan sponsor that contracts with a third party administrator, the office of the secretary of family and social services that contracts with a managed care organization to provide services to a Medicaid recipient, or the state personnel department that contracts with a prepaid health care delivery plan to provide group health coverage for state employees to request an audit at least two times in a calendar year. Provides that a violation of the requirements concerning audits of a third party administrator, managed care organization, or prepaid health care delivery plan is an unfair or deceptive act or practice in the business of insurance and allows the department of insurance to adopt rules to set forth fines for a violation.

Title: Ins-Cost Sharing/Drug Rebates

Current Status: Sine Die - Failed

Introduction Date: 2022-12-21

Last Action Date: Added Co-Sponsor Rep. Jenn Ladisch Douglass. 2024-02-09

Description: Amends the Illinois Insurance Code. Provides that a group or individual policy of accident and health insurance amended, delivered, issued, or renewed on or after January 1, 2024 that provides coverage for prescription drugs shall require that a covered individual's defined cost sharing for each prescription drug shall be calculated at the point of sale based on a price that is reduced by an amount equal to at least 100% of all rebates received in connection with the dispensation or administration of the prescription drug. Provides that an insurer shall apply any rebate amount in excess of the defined cost sharing amount to the health plan to reduce premiums. Provides that the provisions shall not preclude an insurer from decreasing a covered individual's defined cost sharing by an amount greater than the stated amount at the point of sale. Provides that the Department of Insurance may adopt rules to implement the provisions.

Title: Pharmacy benefit managers.

Current Status: Failed

Introduction Date: 2023-02-14

Last Action Date: From committee: Filed with the Chief Clerk pursuant to Joint Rule 56..
2024-02-01

Description: AB 913, as amended, Petrie-Norris. Pharmacy benefit managers. Existing law, the Pharmacy Law, establishes the California State Board of Pharmacy within the Department of Consumer Affairs to license and regulate pharmacists. Existing law provides for the licensure and regulation of health care service plans by the Department of Managed Health Care and for the regulation of health insurers by the Department of Insurance. Existing law, the Knox-Keene Health Care Service Plan Act of 1975, requires a pharmacy benefit manager under contract with a health care service plan to, among other things, register with the Department of Managed Health Care. This bill would require the California State Board of Pharmacy to license and regulate pharmacy benefit managers that manage the prescription drug coverage provided by a health care service plan or health insurer, except as specified. The bill would set forth various duties of pharmacy benefit managers, including requirements to file a report with the board. The bill would prohibit a pharmacy benefit manager from, among other things, contracting after January 1, 2024, to prohibit or restrict a pharmacy or pharmacist from disclosing to an enrollee or insured health care information that the pharmacy or pharmacist considers appropriate. This bill would require the board to promulgate necessary regulations and to prepare a report to the Legislature on or before August 1, 2025, and on or before each August 1 thereafter, with aggregate data received from pharmacy benefit managers, establish a data retention schedule, and protect proprietary and confidential information, as specified. Existing constitutional provisions require that a statute that limits the right of access to the meetings of public bodies or the writings of public officials and agencies be adopted with findings demonstrating the interest protected by the limitation and the need for protecting that interest. This bill would make legislative findings to that effect. Existing law provides that division, part, chapter, article, and section headings contained in the Business and Professions Code shall not be deemed to

govern, limit, modify, or in any manner affect the scope, meaning, or intent of the provisions of that law. This bill would make nonsubstantive changes to that provision.

CA AB 874

Title: Health care coverage: out-of-pocket expenses.

Current Status: Failed

Introduction Date: 2023-02-14

Last Action Date: From committee: Filed with the Chief Clerk pursuant to Joint Rule 56.. 2024-02-01

Description: AB 874, as introduced, Weber. Health care coverage: out-of-pocket expenses. Existing law generally prohibits a person who manufactures a prescription drug from offering in California any discount, repayment, product voucher, or other reduction in an individual's out-of-pocket expenses associated with the individual's health insurance, health care service plan, or other health coverage, including, but not limited to, a copayment, coinsurance, or deductible, for any prescription drug if a lower cost generic drug is covered under the individual's health insurance, health care service plan, or other health coverage on a lower

cost-sharing tier that is designated as therapeutically equivalent to the prescription drug manufactured by that person or if the active ingredients of the drug are contained in products regulated by the federal Food and Drug Administration, are available without prescription at a lower cost, and are not otherwise contraindicated for the condition for which the prescription drug is approved. Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care, and makes a willful violation of the act a crime. Existing law provides for the regulation of health insurers by the Department of Insurance. This bill would require a health care service plan, health insurance policy, other health coverage carrier, or pharmacy benefit manager that administers pharmacy benefits to apply any amounts paid by the enrollee, insured, or another source pursuant to a discount, repayment, product voucher, or other reduction to the enrollee's or insured's out-of-pocket expenses toward the enrollee's or insured's overall contribution to any out-of-pocket maximum, deductible, copayment, coinsurance, or applicable cost-sharing requirement under the enrollee's or insured's health care service plan, health insurance policy, or other health care coverage. The bill would make a willful violation of that requirement by a health care service plan a crime. The bill would limit the application of the section to health care service plans and health insurance policies issued, amended, delivered, or renewed on or after January 1, 2024. Because a willful violation of these requirements by a health care service plan would be a crime, this bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason.

Last Action Date: Chaptered by Secretary of State. Chapter 414, Statutes of 2023.. 2023-10-07

Description: SB 786, Portantino. Prescription drug pricing. Existing federal law requires the United States Secretary of Health and Human Services to enter into an agreement with each manufacturer of covered outpatient drugs to ensure the amount a covered entity is required to pay for those drugs does not exceed the average manufacturer price of the drug under the federal Medicaid program. Existing state law requires a covered entity to dispense only drugs subject to these federal pricing requirements to Medi-Cal beneficiaries. Existing law defines a "covered entity" to include a federally qualified health center and entities receiving specified grants and federal funding. This bill would prohibit a pharmacy benefit manager from discriminating against a covered entity or its pharmacy in connection with dispensing a drug subject to federal pricing requirements or preventing a covered entity from retaining the benefit of discounted pricing for those drugs.

CA SB 873

Title: Prescription drugs: cost sharing.

Current Status: In Assembly

Introduction Date: 2023-02-17

Last Action Date: September 1 hearing: Held in committee and under submission.. 2023-09-01

Description: SB 873, as introduced, Bradford. Prescription drugs: cost sharing. (1) Existing law, the Knox-Keene Health Care Service Plan Act of 1975, provides for the licensure and regulation of health care service plans by the Department of Managed Health Care under authority of the Director of the Department of Managed Health Care and makes a willful violation of the act a crime. Existing law provides for the regulation of health insurers by the Department of Insurance under the authority of the Insurance Commissioner. Existing law limits the maximum amount an enrollee or insured may be required to pay at the point of sale for a covered prescription drug to the lesser of the applicable cost-sharing amount or the retail price. This bill, commencing no later than January 1, 2025, would require an enrollee's or insured's defined cost sharing for each prescription drug to be calculated at the point of sale based on a price that is reduced by an amount equal to 90% of all rebates received, or to be received, in connection with the dispensing or administration of the drug. The bill would require a health care service plan or health insurer to, among other things, pass through to each enrollee or insured at the point of sale a good faith estimate of the enrollee's or insured's decrease in cost sharing. The bill would require a health care service plan or health insurer to calculate an enrollee's or insured's defined cost sharing and provide that information to the dispensing pharmacy, as specified. The bill would require the department and the commissioner to submit an annual report on the impact of these provisions to the appropriate policy committees of the Legislature, as specified. The bill would make these provisions inoperative on January 1, 2027. (2) Existing law requires a health care service plan or health insurer that files certain rate information to report to the appropriate department

specified cost information regarding covered prescription drugs, including generic drugs, brand name drugs, and specialty drugs, dispensed as provided. This bill, until January 1, 2027, would require a health care service plan or health insurer to report additional information on the above-described point of sale provision. (3) Because a willful violation of the bill's provisions by a health care service plan would be a crime, the bill would impose a state-mandated local program. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason.

Title: Ins-Pbm/Information Disclosure

Current Status: Enacted

Introduction Date: 2023-02-17

Last Action Date: Public Act 103-0453. 2023-08-04

Description: Amends the Pharmacy Benefit Managers Article of the Illinois Insurance Code. Provides that a pharmacy benefit manager shall not prohibit a pharmacist or pharmacy from, or indirectly punish a pharmacist or pharmacy for, making any written or oral statement or otherwise disclosing information to any federal, State, county, or municipal official, including the Director of Insurance or law enforcement, or before any State, county, or municipal committee, body, or proceeding under specified circumstances. Provides that the provisions apply to contracts entered into or renewed on or after July 1, 2023 (rather than July 1, 2022). Replaces everything after the enacting clause. Amends the Pharmacy Benefit Managers Article of the Illinois Insurance Code. Provides that a pharmacy benefit manager may not retaliate against a pharmacist or pharmacy for disclosing information in a court, in an administrative hearing, before a legislative commission or committee, in any other proceeding, or to a government or law enforcement agency, if the pharmacist or pharmacy has reasonable cause to believe that the disclosed information is evidence of a violation of a State or federal law, rule, or regulation. Provides that a pharmacist or pharmacy shall make commercially reasonable efforts to limit the disclosure of confidential and proprietary information. Provides that retaliatory actions against a pharmacy or pharmacist include

specified actions. Provides that the provisions apply to contracts entered into or renewed on or after July 1, 2022 (rather than July 1, 2023). Adds a July 1, 2023 effective date.

Description: Amends the Pharmacy Benefit Managers Article of the Illinois Insurance Code. Provides that a pharmacy benefit manager may not prohibit a pharmacy or pharmacist from selling a more affordable alternative to the covered person if a more affordable alternative is available. Provides that a pharmacy benefit manager shall not reimburse a pharmacy or pharmacist in this State an amount less than the amount that the pharmacy benefit manager reimburses a pharmacy benefit manager affiliate for providing the same pharmaceutical product. Provides that a pharmacy benefit manager is prohibited from conducting spread pricing in the State. Sets forth provisions concerning pharmacy network participation, fiduciary responsibility, and pharmacy benefit manager transparency. Provides that a pharmacy benefit manager shall report to the Director on a quarterly basis and that the report is confidential and not subject to disclosure under the Freedom of Information Act. Provides that the provisions apply to contracts entered into or renewed on or after July 1, 2023 (rather than July 1, 2022). Defines terms. Amends the Network Adequacy and Transparency Act. Sets forth provisions concerning pharmacy benefit manager network adequacy. Makes other changes.

Title: Prescription Drug Price

Current Status: Sine Die - Failed

Introduction Date: 2022-12-19

Last Action Date: Referred to Rules Committee. 2023-01-12

Description: Amends the Illinois Food, Drug and Cosmetic Act. Provides that the amendatory provisions apply to any manufacturer of a prescription drug that is purchased or reimbursed by specified parties. Provides that a manufacturer of a prescription drug with a wholesale acquisition cost of more than \$40 for a course of therapy shall notify specified parties if the increase in the wholesale acquisition cost of the prescription drug is more than 10%, including the proposed increase and cumulative increase. Provides that the notice of price increase shall be provided in writing at least 60 days prior to the planned date of the increase.

Provides that no later than 30 days after notification of a price increase or new prescription drug the manufacturer shall report specified additional information to specified parties. Provides that a manufacturer of a prescription drug shall provide written notice if the manufacturer is introducing a new prescription drug to market at a wholesale acquisition cost that exceeds a specified threshold. Provides that failure to provide notice under the amendatory provisions shall result in a civil penalty of \$10,000 per day for every day after the notification period that the manufacturer fails to report the information. Requires the Department of Public Health to conduct an annual public hearing on the aggregate trends in prescription drug pricing. Requires the Department to publish on its website a report detailing findings from the public hearing and a summary of details from reports provided under the amendatory provisions, except for information identified as a trade secret or exempted under the Freedom of Information Act. Provides that the amendatory provisions shall not restrict the legal ability of a pharmaceutical manufacturer to change prices as permitted under federal law.
